

The star that guides you

Jacqui Beck - for Zoë, 2014

Zoë,
the star
that guides you is within
you. It shines
out.

Such a gift you have,
to walk this road without
the question of whether
or not
who you are is acceptable.

of course you are
of course
you are. A new generation,
stepping forth
without thinking
you should
hide

in
the
closet.
